**Organics Unlimited** is proud to introduce **The GROW Foundation** – Giving Resources and Opportunities to Workers – a nonprofit organization dedicated to helping farm laborers make better lives for themselves and their families.

**The GROW Foundation** will improve the lives of workers who grow Organics Unlimited's organic produce by funding charitable initiatives that directly benefit them and their communities. It also requires our farmer-partners to use Organics Unlimited's ecologically friendly farming techniques to protect the earth and to allow for sustainable agriculture.

Contact **Organics Unlimited** for information on **The GROW Foundation** at (619) 710-0658 or visit [www.organicsunlimited.com](http://www.organicsunlimited.com) to learn how you can plant the seeds for a brighter future for farm workers and our planet.
